Spray Sealant

Efficient sealing spray for a quick and easy achievement of a high-gloss surface. Gives the paint a velvety surface and a clearly visible colour deepening. The sealing components create a perfect water beading effect.

Areas of use

Painted surfaces on cars, commercial vehicles, motorcycles etc.

Recommendations for use

Spray one to two sprays onto cleaned and dry paint surface. Do this component by component and divide large surfaces such as the bonnet and roof. After a brief evaporation time, polish off all residues with a clean microfiber cloth. Do not allow to dry. The treated vehicle must not be washed with chemicals on the same day.
