# Clay Spray

Mild, low-residue lubricant free of coating defcts. Effective for use with clay bars or pads. The excellent lubricity minimises surface scratching during cleaning. Unlike other lubricants it does not leave behind any film. Residue is easy to wipe away with a microfibre cloth. Due to the specialised formula the clay bars or pads do not dissolve and last considerably longer.

### Areas of use

Smooth surfaces such as varnish, glass etc.

### Recommendations for use

Spray undiluted over the entire area and work the moist surface with a clay bar or pad. Wipe off any residue with a microfibre cloth.
