Lack-Polish violett P2.03

Abrasive gloss polish

Lack-Polish violett maintains and refines lightly to moderately weathered paintwork. The abrasive gloss polish produces an optimum, streak-free high-gloss finish by machine and manually. The treated surfaces are preserved. For effective removal of scratches, we recommend the use of the Fine Cut Pad. For light weathering, the Polish & Sealing Pad produces a high-gloss finish.
Abrasion level: 2.0
Gloss level: 9.3

Areas of use

Paint on cars, commercial vehicles, motorcycles, etc.

Recommendations for use

For the best cut, we recommend using a rotary polishing machine at medium speed. The best possible finish is achieved with the help of an eccentric polishing machine. Also suitable for manual processing. Buff off polish residue to a high gloss with our Polish and Sealing Towel.

Container

Container	Item no.
1 L	457001
5 L	457005

Warnings

Shake before use. Protect from frost and excessive heat. Do not use on hot surfaces. Check for suitability and compatibility before use.
