Ceramic Effect Shampoo

Care shampoo with long-term sealing effect

Ceramic Effect Shampoo is the care shampoo with sealing effect for hand washing. It cleans and seals surfaces for a long time in just one step. The preservation technology consists of a new combination of cleaning and care formulation and therefore creates a smooth, haptically soft and highly hydrophobic surface with a very good deep gloss. The quick and easy-to-use shampoo is ideal for surfaces that have already been coated, e.g. with Ceramic Body or Spray Sealant, and can increase the service life of the respective coating. With a pleasantly fresh berry-almond fragrance.

Areas of use

Exterior vehicle surfaces such as paint, glass and plastic; particularly suitable for coated/sealed vehicles/surfaces

Recommendations for use

Heavily soiled surfaces must be pre-cleaned. Dilute the shampoo for hand washing in a wash bucket 1:200 (50 ml to 10 l of water) and lather briefly. Wash the vehicle using a wash sponge or Exterior Wash Mitt and then rinse thoroughly with plenty of water. Do not allow the product to dry. Finally, dry the vehicle with the Pro Drying Towel.
Do not use on warm surfaces or in the sun. Only treat partial areas.

Container

Container	Item no.
1 L	811001

pH-value: 6

Warnings

Shake before use. Protect from frost and excessive heat. Check for suitability and compatibility before use. Do not use on warm surfaces or in the sun.
